COMMUNITY LEADERSHIP INSTITUTE OF CAPE COD ACCEPTING 2011 LEADERSHIP  
AWARD NOMINATIONS

The Community Leadership Institute (CLI) of Cape Cod and the Islands is now accepting nominations for the ninth annual Community Leadership Award. The Community Leadership Award is given annually to an individual who has made significant leadership contributions to the Cape Cod community. Recipients are selected from nominations made from the general community to the CLI Board of Directors.

The 2011 Leadership Award will be presented at the "Leadership Cape Cod" graduation on June 9, 2011. Candidates should live and work in the Cape Cod community, contribute to the community through volunteerism and community-service involvement, and demonstrate a high level of leadership benefitting the Cape and Islands community. Neither the nominator nor the nominee need be affiliated with CLI, and membership in CLI is not required. Nominations should be submitted using the Leadership Award Nomination form on the CLI website at [www.clicapecod.org](http://www.clicapecod.org) by May 13, 2011.

The Community Leadership Institute of Cape Cod and the Islands is part of a national non-profit organization that fosters the growth of community and business leaders on Cape Cod. Their hallmark training program, "Leadership Cape Cod", immerses participants in all aspects of Cape Cod. The six-month session covers areas as diverse as education, arts, the legal system, environment, health care, and media. Currently, over five hundred of Cape Cod's leaders have graduated the program over its 19 years in existence.
